Postage-Stamp Tags

Our favorite stamper's trick: "post" every present from the North Pole. Cut around the perforated edge, then stick the stamp on the parcel or onto a plain tag.

stamper's tip: add a real date stamp or a rubber-stamped postmark in red ink. It makes each parcel look properly "mailed".

Wrap Bands

Cut each band, wrap it around a gift box, jar or tin and glue the striped tab underneath. For bigger boxes, join two bands end to end.

To / From Labels

Print on full-sheet sticker paper and cut, or print on cardstock and tape on with washi.
